Cross Hills North Yorkshire BD20 8DT

## Latin at Malsis

### An overview of the schemes of work

#### Latin

Latin is studied in Years 5 to 8. Children are prepared for the Common Entrance, Common Scholarship or some schools' own scholarship papers. We use the "Ab Initio" textbook by RC Bass, which is especially written for these syllabuses. As well as learning the language, we also study some background material such as some Greek myths, Roman gladiators, Roman chariot racing and the Roman army.
